Filled with historic memories of the Kings and Queens of Ancient Hawaii who were its adherents in the days of monarchy, the beautiful St. Andrew's Cathedral is interesting beyond description. Its close includes the Priory for girls and the Davies Memorial Building a gift by his children in memory of Honorable H. H. Davies. The Bishop of Honolulu has charge as Dean of the Cathedral and his diocese embraces the entire island. The Protestant Episcopal Church has many missions scattered about on all the islands and has in Honolulu several churches.
